

Light Up EV Charging Stations with American Bright!

Mini-LED Display Modules

Next-level brightness, contrast, and color accuracy

- True Sunlight Readable | High Contrast | Energy Efficiency | Full Array Local Dimming

Smart LED Light Strips & Rope Lights

Versatile lighting solutions for indoor and outdoor applications

- 5V, 12V, 24V Power Options | Available with DMX & SPI Controller
- Infinite Color Combinations | IP20/65/68 | Customizable Configuration

LED Drivers

Reliable power solutions for optimal LED performance

- Universal Input 90-305VAC | 12V, 24V, 48VDC Output Voltage
- UL/cUL/CE certified | 0-100% Dimming Range
